The following typographical errors have been detected till 14th Nov, 2006:

- Equation (3.29) should read:

$$\mathbb{P}\left(\bigcap_{t \geq t_0} \left\{h(t, x(t)) \geq \beta(h^\circ(t_0, x_0), t - t_0)\right\}\right) < \eta.$$

- The inequality in the last sentence of the proof (in Appendix B) of Lemma 3.23 should read

$$\mathbb{P}\left(\bigcap_{t \geq t_0} \left\{h(t, x(t)) < \beta(h^\circ(t_0, x_0), t - t_0)\right\}\right) \geq 1 - \eta.$$
